However, they will also get the chance to have in-depth discussions about things that matter to them, play night games, watch movies, and go to bed later and sleep in longer than other overnight camps. The Original Transformers

Overnight Sports Camp

Our second annual sports camp is designed for children 8-12 years old who want to immerse themselves in the world of sports! During this week of camp your child will experience various aspects of a different sport each day.

Sports include basketball, tennis, swimming, and more! Kids will learn the rules of the games, discover the power of teamwork, and then put it all together by competing in games and tournaments.

Evenings will be reserved for special sports experiences like canoeing, archery and more. It's an overnight camp because when the day is done you'd be too tired to make it home anyway!

Field trips will be taken to a MN Lynx game during the girls week of camp and to the St. Paul Saints game during the boys week.
